

Fenton Trophy Series-2011

North Texas Water Polo Leagues

The Fenton Trophy Series is in its inaugural season. For 2011, the Fenton Trophy will be awarded to the team with the most cumulative points based on final standings in the North Texas Water Polo Leagues (Spring, Summer, and Fall). For each division (B divisions not included) of the various North Texas Water Polo Leagues, points are awarded based on finish to the top four teams: 5 points for first, 3 points for second, 2 points for third, and 1 point for fourth. Points for ties in standings for any single division will have points for the tied placement positions split equally (i.e. a two way tie for Third Place will split 3rd and 4th place points equally). Any ties in total points earned in the Series will be broken by head-to-head records between the tied clubs in all North Texas League Divisions (B Divisions not included).

George Fenton: *The Fenton Trophy is named for George Fenton who is current President of the Dallas Water Polo Club. George has been a member of the Dallas Water Polo Club for the past 20+ years and has been an integral part of the growth of water polo at the youth levels in the past couple of years.*
